

Hello... It's me... Raz

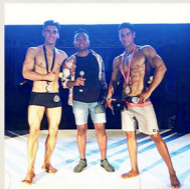

- Your MC -

For a great moment on your special DAY.  
I would be very grateful to be the chosen one as your preferred MC.  
Certainly it is my pleasure to colour your dream wedding

*I create a special connection to each couple by listening, reading, observing and understanding their expectation. It is the essential point for me to maximise the successful event and to be a precious time to remember.*

As a reference, I am also an experienced MC for different types of events including Corporate Gatherings, Product Launchings, Venue Openings, Meetings, Music Festivals, Exhibitions, Social Events, Fashion Shows, Incentive events, Team building also Sports, and I am definitely excited to host another kind of National and International Event.

I am happy to share to all clients that Singing is my passion as well. I believe this talent takes part in how I harmonise events to run smoothly and to be a beautiful one.

Thus, I am also available to sing in any band formation and various genres to blend with the event theme. In other word I can also be called 'a singing EmCee'
